

Children's Dental Clinic 2017-2018 Annual Report

The Children's Dental Clinic is a 501(c)(3) non-profit organization that provides preventive and restorative dental care for free or at low-cost. We provide dental treatment and care to eligible children living in the Tredyffrin/Easttown and Great Valley school districts. We have provided comprehensive dental care and education for these children since 1946.

The Clinic is currently housed in Tredyffrin/Easttown Middle School. It is fully insured and care is provided by a Pennsylvania licensed dentist. While the Clinic runs largely on a volunteer basis, a nominal salary is paid to the supervisor and dentist. As it has been throughout its history, the Clinic runs on financial support from our community alone – no funds are obtained from state or federal resources.

In order for the Clinic to provide a high standard of care and education, the need for funding is ongoing for supplies, equipment maintenance, and specialty care that may require a referral to a community partner dentist. In 2018, the Clinic purchased a new X-Ray machine as the existing one had reached its lifespan and was beyond repair. Without the funds and generous donations from our community, this expenditure would not have been possible.

In the first twenty years of its existence, the Clinic treated 7,000 students. In the past three years, another 225 children benefited from its services. The work of the Clinic goes beyond the clinical aspect – the committee of volunteers raises money through important fundraising activities, works on outreach with individual area schools and counselors to identify potentially eligible children, and participates in community events.

We hope that this annual report illustrates not only the important work of The Children's Dental Clinic, but the impact that our supporters help us make in the lives of many children in our community. Through dental health, we make a difference!

BY THE NUMBERS

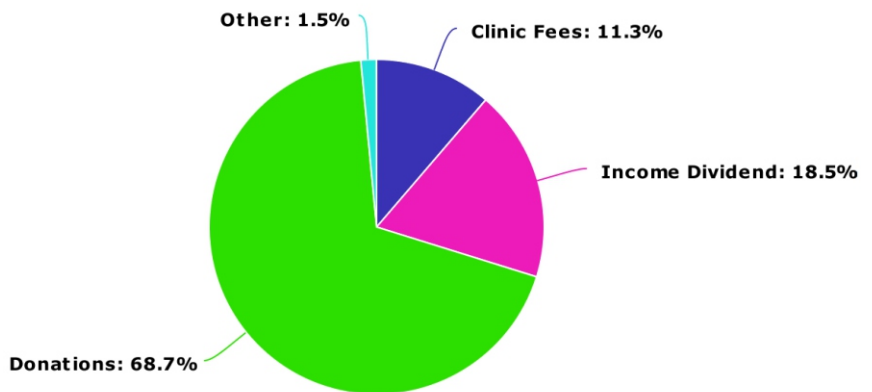

5 # OF CHILDREN UNDERGOING ORTHODONTIC TREATMENT

65 # OF INDIVIDUAL CHILDREN TREATED

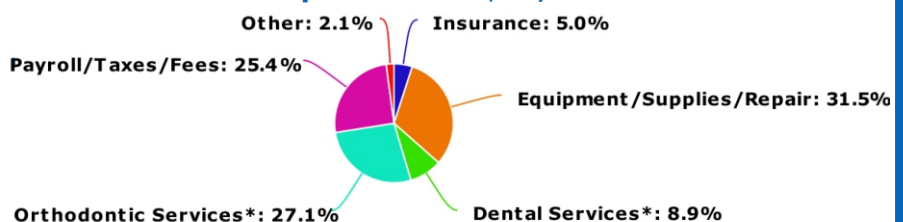

68 # OF SEPARATE CLINIC VISITS

216 # OF TOTAL TREATMENTS including, but not limited to: prophylaxis, fluoride, x-ray, extraction, and fillings

Total Revenue: \$17,295

Total Expenditures: \$26,742

**Orthodontic and Dental Services for procedures not provided directly by the Clinic. The total expenditures for the fiscal year 2017-2018 were greater than total revenue due to the purchase of the X-Ray machine. The net revenue for the previous fiscal year (2016-2017) was positive, at \$4,305.*

Thank you for enabling us to promote dental health in the Tredyffrin/Easttown and Great Valley school districts!

The Children's Dental Clinic is extremely grateful for all of our generous supporters. We would like to acknowledge the following donors for June 2017 through December 2018.
